Addresses Eaton GOP

Rep. Johansen Sees Need Of Using Monroe Doctrine

CHARLOTTE — Rep. August E. Johansen, expressing concern in recent relations between the Soviet Union and Cuba, told more than 300 Eaton County Republicans last night that the United States should apply the principles of the Monroe Doctrine, either through the Organization of American States, or by itself.

Speaking at the Lincoln Day dinner at the Masonic Temple here, Mr. Johansen recalled that "during the Civil War, Emperor Napoleon III of France sent

Archduke Maximilian of Austria to Mexico as an emperor and sent a French army to support him. Lincoln said that when the union was restored: 'I propose to notify Louis Napoleon that it is about time to take his army out of Mexico; and when that army is gone, the Mexicans will take care of Maximilian.'

Mr. Johansen recalled that after Lincoln died, the Monroe Doctrine was invoked and Napoleon abandoned the Mexican adventure "and the firing squad took care of Maximilian."

Mr. Johansen, filling in as a speaker for ill-stricken Robert Kungis, member of the Foreign Claims Settlement Commission, referred to a report by the Central Intelligence Agency that Communists are working with the Castro regime and noted that Russian Deputy Premier Anastas I. Mikoyan has praised the seizure of private property without payment in Cuba.

Mr. Johansen also said that Chinese Communists "are actively infiltrating Chinese colonies in Cuba and other Latin American countries."

"It is interesting to note," Mr. Johansen said, "that Gov. Williams, speaking at Bremerton, Wash., is reported by the Associated Press as advocating recognition of Red China by the United States in the not-too-distant future—the same Red

China which today is defiantly flouting the Monroe Doctrine in the Western Hemisphere. I hope this and other foreign policy views advocated by Governor Williams doesn't indicate a bid to become secretary of state in event of a Democratic victory."
